The amendment received 8/2/04 has been entered and claims 1, 2, 4, 6, 7-13, 15-40 are currently pending in this application.

In view of the amendments to the claims and arguments presented, all previous rejections are hereby withdrawn. However, note the new rejection following.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 4, 6-13, 15-27, 34-38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Each of the following applies in all occurrences.

Claims 6-8 and others depend from canceled claims. In claim 1 the peripheral tissues are limited to blood cells but in claim 9 the peripheral tissues are skin fibroblasts which is inconsistent. See also claims 18 and 27. In claim 10 "anti-depressant" may be intended to be "antidepressant." In claims 11 and 12 "the modification" lacks antecedent basis. Claims 15-17 depend from canceled claim 14. Claims 23-27, 34-38 are directed to peripheral tissues which lacks antecedent basis where claims 19 and 30 are directed to cultured cells.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Elsbournbagy (6,071,722) teaches G proteins.

Kobilka (6,448,377) teaches G proteins.

Schreiber (WO 97/20211) teaches G proteins.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
